Our workshop series is well underway and continues through the fall. This season, we are focusing on blacksmithing, sustainable agriculture, and training teamsters to work with draft horses and oxen in gardens and in the woods both safely and successfully. You can view our entire line up of workshops and register right from our website. View them as a [list](#) or by the [month](#).

In closing, Sanborn Mills Farm extends condolences to the family and friends of our good friend and neighbor Joe Merrill, who passed away in his home on May 10, 2015. His life was filled with the joys of family, hard work, and love for his farm. He will be missed.
