Looking for a creative outlet this month?

There are still a couple of spaces available in the [Beginning Blacksmithing workshop, June 19, 20 & 21](#) taught by master blacksmith Garry Kalajian of [Ararat Forge](#).

The class is open to beginners and those with some experience who want to refresh their skills. Blacksmithing is a journey through the possibilities of fire, iron, form, and function - start small and think big!
